Special AdminStudio® Offer—Switch to the award-winning AdminStudio and Save 20%!

Are you unhappy with your current application repackaging and readiness solution? Are you using WISE Package Studio? Frustrated that you have limited application virtualization capabilities? Losing valuable time and resources in your Windows® 7 migration projects?

Act now to convert from Wise Packaging Studio to AdminStudio and receive an application repackaging solution that gives you the tools you need today support your deployment needs of tomorrow.

Now is the time to change and to switch to AdminStudio

AdminStudio, the leading application readiness toolset, offers a suite of automated tools proven to decrease traditional application preparation time up to 70% and virtual package preparation time up to 9 times faster than manual sequencing. With the added capabilities to speed Windows 7 migrations it makes AdminStudio the repackagers end-to-end solution of choice.

Why Leading Organizations choose AdminStudio

- **To Virtualize Applications** – Convert your existing enterprise ready MSIs to your choice of leading application virtualization formats automatically. AdminStudio is vendor-neutral and supports the top three application virtualization vendors:
 - Microsoft® App-V™
 - VMware® ThinApp™
 - and Citrix® XenApp™
- **To migrate to Windows 7** – AdminStudio takes the complexity out of migrating applications to Windows 7 by creating packages for Windows 7 deployment, using Windows 7 exclusion lists for accurate packages, test for Windows 7 application suitability, and more.
- **To Maximize Deployment Tool ROI** – AdminStudio works with the leading deployment solutions to simplify package handoff and rollout.
- **It's chosen by the top vendors** – AdminStudio is the chosen OEM packaging toolset for today's top vendors: Microsoft® System Center Configuration Manager™, Novell® ZENworks™, LANDesk® Management Suite™.

Special offer only available to customers moving over from WISE Package Studio, providing proof of ownership & meeting applicable requirements. Does not apply to non-conversion new sales.
